ASSEMBLY FOAM

If keeping track of tool inventory is essential, Snap-on tool *control foam* is a must. These sets include custom, pre-cut foam for maximum organization, tool identification, inventory and storage. Because when the you're highly organized, you're highly productive.

PROFESSIONAL ORGANIZATION & STORAGE.

HAND TOOLS

Snap-on wrenches, ratchets and sockets are manufactured from special alloy steel and heat treated for optimum strength and durability and are finished with a nickel chrome plating that helps protect against corrosion and makes it easy to wipe clean. The innovative Flank Drive[®] wrenching system found in most Snap-on wrenches and sockets delivers up to 20% more turning power without slipping or rounding while exceeding ANSI performance standards.

POWER TOOLS

With Snap-on, you always get the most reliable industrial power tools on the market. Built from best materials, we deliver durability, performance, speed and accuracy. Snap-on power tools feature precision-machined gears, which reduce the usual vibration found in competitive tools with lower quality components. And to further ensure operator safety, Snap-on offers a wide range of additional safety-related product features.

STORAGE

Built to accommodate these sets are the 54" Master Series Roll Cab (KTL1022A) or the 72" Master Series Roll Cab (KTL1023A). Both feature heavy duty double ball bearing Lock N' Roll[®] drawers, ISO-Ride+[™] extreme load casters and the industry's best weld count for a structurally superior storage unit that will last a lifetime. Plus, the Master Series offers almost unlimited configurations and add-on capabilities for future storage expansion.

PROFESSIONAL TOOLING SOLUTIONS FOR PROFESSIONAL TECHNICIANS

Snap-on has continually set the bar for creating products that improve both production and industry standards. At the forefront of this is our commitment to supplying current technicians with the absolute best in hand and power tools.

With this in mind, Snap-on has assembled three specialized tool sets, focusing on Fleet Maintenance and Facility Maintenance. These complete, all-in-one sets include a well-balanced assortment of the best power and hand tools in the industry and are housed in top-of-the-line storage units. And when tool identification and inventory is critical, Snap-on offers pre-cut Tool Control Foam for every tool in the set.
